What if I am a returning user and can't remember my password?

Use the ***Forgot password*** function in the log in page.

You will either be prompted to:

- Enter the verification code sent to your email or phone number; or
- Answer the “What is your favorite sports team?” security question. The answer is Longhorns.

Once you have changed your password, log in again.

I logged in. Hooray! But I wasn't prompted to reset my password?

Simply use the ***Forgot password*** function. The answer to the security question is Longhorns.

Do I have to change the password from Taxes123*?

YES! Otherwise anyone can access your account.

I was never asked to enter my phone number for Multi Factor Authentication purposes (aka, I want my verification code to be sent to my phone, not email).

Your cell phone number can be added to your account. Let your Site Manager know. They will know how to help you.

The email/phone number used for Account Verification purposes is incorrect

If the email/phone number used for Account Verification purposes is incorrect, let your Site Manager know. Also refer to your Site Manager if you would like to change the email/phone number linked to your TaxSlayer account to a different one.
